	CENTRAL INTELLIGENCE AGENCY Office of Legislative Counsel Washington, D. C. 20505 Telephone:
	15 JUL 1978
TO: Mr. Ron Heller Legislative Affairs Federal Bureau of Investigation Washington, D.C.	
<p>Ron:</p> <p>Enclosed is a list given me by Ed Levine of the Senate Select Committee on Intelligence staff representing parts of the "spy war" briefing. I was called by the Committee this morning and the briefing is tentatively set for 24 July at 2:00 p.m. in Room S-407 of the Capitol. I believe Chief, Soviet-East Europe Division, Directorate of Operations, will be the Agency's principal witness. As I mentioned, we are also contacting State to enlist their participation. Let me know which of the items on this list the Bureau would be in the best position to handle. Perhaps a meeting next week with all three agencies would be helpful. Thank you.</p> <div style="border: 1px solid black; width: 150px; height: 20px; margin-left: auto;"></div>

13 July 1978

MEMORANDUM FOR: Acting Deputy Director for Operations

FROM : Donald P. Gregg
Chief, Policy and Coordination Staff
Liaison and Oversight Control

SUBJECT : Meeting with Jim Bush of House
Permanent Select Committee on Intelligence

1. The second session with Jim Bush of the HPSCI was held on 12 July, lasting about two hours and fifteen minutes. The first hour was spent in going over with Mr. Bush the House Appropriations Committee S&I team report. Mr. Bush was allowed to read the DDCI's letter to Chairman Mahon giving overall Agency reaction to the report, and was also shown DDO-prepared summaries of the report's major questions and compliments re the DDO. Mr. Bush read these summaries carefully, asked one or

[REDACTED]

as he put it, "some very nice words" in the report regarding DDO's capabilities. Mr. Bush then flipped through the first 40 pages of the report and seemed to have absorbed its flavor. He appeared to agree with my comment that the report was a useful and balanced look at the Directorate. I stated that he was welcome to look at our copy at any time.

2. The second hour was spent with Messrs. [REDACTED] and [REDACTED] of EPDS. [REDACTED] led off with a description of the ways in which EPDS seeks customer comment on our reporting. This was followed by [REDACTED] discussion of specific feedback from customers, largely in the military R&D field. The discussion was kept at the SECRET ORCON level and no reference was made to anything of a higher classification. Mr. Bush appeared interested in this discussion and asked that our next session - to be held next week - be a continuation of the EPDS presentation. Mr. Bush ended the meeting regretfully as he had to return to the Hill for a meeting with Congressman Burlison. He thanked all concerned and said the session had been useful to him.

25X1 3. Following the meeting Messrs. [] and [] agreed that Mr. Bush had heard some revealing customer commentary but that it was impossible to determine how much he had absorbed of what he had heard. We agreed that our next session with him would start with a reprise of what had been gone over and would then continue into other discussions - still at or below the SECRET ORCON level.
